Praise for Forensics: "McDermid's entertaining foray into nonfiction . . . offers fascinating glimpses into the grisly crime-scene investigation arena . . . McDermid brings the same pleasurable, scrupulous attention to detail and highly visual descriptions to Forensics as she does to her fiction."—Boston Globe "Fascinating . . . A ...

[Computer forensics - Wikipedia](#)

As people became more individualistic in their thinking, they developed a respect for human reason and the ability to solve problems. Perhaps a reason that mystery fiction was unheard of before the 1800s was due in part to the lack of true police forces. Before the Industrial Revolution, many of the towns would have constables and a night watchman at best. Naturally, the constable would be ...

The more I read about it the more the intended 'revenge' against Trump supporters makes sense. Whenever an illegitimate regime installs itself they're inherently paranoid and must aggressively assert their authority just to silence the truth. If Trump finally crosses the Rubicon he'd potentially be saving lives despite the obvious near term pain.
